

I?m beginning to think Bill Whittle is psychic

Ever since the Bellowing Brigade of Babies tried to shut down Saturday's pro-Trump event in Berkeley (and failed), Leftists have been kicking up a fuss over some dreadlock-wearing Antifa chick getting punched in the face.

?She was sucker punched!?

[And if anybody knows about sucker-punching, it's the Petulant Platoon of Preschoolers known as Antifa.]

?How dare that guy hit a girl!!!?

[But I thought we weren't supposed to assume someone's gender.]

Hey, as a rule, I'm not a fan of large men punching girls either.

But I've watched video of that fight countless times. And that poor, little snowflake wasn't standing there innocently minding her own business. She was right in the middle of the scrum -- fists flying.

In fact, before she and her Antifa Beta Male compadres descended on Berkeley, Dreadlocks proudly bragged about collecting some Nazi scalps.

See what she wrote there?

Headed to Berkeley to disrupt the neo Nazi white Supremacist jerk circle today. ["jerk circle?!" What in the name of sweet fancy Moses is a "jerk circle?"] Nervous af but determined to bring back 100 Nazi scalps

Not exactly Rebecca of Sunnybrook Farm, is she?

She went to Berkeley looking for a fight.

Well, she got one.

And now this brave Nazi scalp-hunter is crying like baby.

She's removed her black Antifa uniform and instead is donning the Victim Mantle.

Poor, poor baby.

Ran into a brawl swinging and got clocked by a man.

Hate to break it to you, sweetie. But you want to fight like a man, get ready to be punched by one.

We didn't set the rules here, Dreadlocks.

You did.

This pretty much confirms for me what I said on [Sunday](#).

Antifa is Tissue Terrorist group.

They're like a Potemkin village -- phony revolutionaries in black-clad façades.

But beneath the black kerchiefs and balaclavas, they're nothing but precious little safe space snowflakes.

And at the first sign of trouble they quickly retreat to playing the victim.

Any old how.

The outrage over this 'Nazi Scalp-Hunter' getting clocked in the face got me thinking about a Bill Whittle Firewall from March of 2016 called 'American Fascists.'

Boy, Whittle hit the nail on the head with this one, didn't he?

In fact, I'm beginning to suspect Bill Whittle is a bit of a psychic.

Because this year-old Firewall could easily have been made today.

Pay particular attention to the 'poke-poke-poke' section. Trust me. You'll think of this phony tough-girl's response to getting the beating she so richly earned.
