

This is what it looks like when you plan your own demise

The Democrats are not behaving like a party that seeks to fight its way back to victory.

Instead, it seems to me they are going that extra mile to plan their own demise.

Either that, or they're just really out of touch and stupid.

Everything they did last night was planned well in advance. From the white-clad women to the Obamacare buttons ? it was all stagecraft.

And very bad stagecraft, I might add.

Including their big, ?And as soon as he's done, let's all leave together? staged walk-out.

Whom were they trying to impress?

When you foolishly make the decision to not applaud anything, you end of up looking like a hateful, anti-American creep.

And that's exactly how they looked.

Sure, the folks who already support the dwindling Democrat Party ate it up with a spoon.

But the reason they're losing elections is because they're hemorrhaging voters.

And those voters already wary of the Democrats watched this childish, petulant display and it only confirmed what they already knew. The Democrat Party is no longer a national American party.

I mean, come on!

When you don't even show respect and honor to the widow of a fallen soldier, you aren't planning your big electoral comeback. You're ensuring your own demise.

And on a personal note. As somebody who researched the Women Suffrage Movement, I found it all manner of insulting that abortion-loving ghouls like those white-clad Democrat women would try to hitch their hateful ideology to Suffragettes.

Apart from their gender, they have nothing in common with the women from the Suffrage Movement.

It was the Democrat Party that blocked the 19th Amendment.

In fact, when Susan B. Anthony illegally voted, she voted Republican.

Women's Suffrage was accomplished *despite* the Democrat Party.

And what were these women trying to prove?

Do they not realize that women have had the right to vote since August of 1920 when the 19th Amendment was ratified.

Believe it or not, that's even before Nancy Pelosi was born.

None of those white-clad women are deprived the right to vote. In fact, more women than men vote in elections nowadays.

So like pretty much everything else the Democrats do, this wearing white was nothing but a meaningless, self-important gesture ? unaccomplished also-rans trying to glom on to a movement they had nothing to do with.

The Democrats didn't come off as an opposition party last night.

Instead, they acted like petulant high school mean girls still steaming over their cheerleader friend losing the Homecoming Queen vote.

And the mass-exodus when the speech ended didn't make them look strong.

It made them look inconsequential.

And hey! We already think they are.

And in two years' time, if they keep this up, there will be even less of them to walk out when President Trump finishes his speech.
