

A Memo!!!! The political equivalent of Revenge Porn

When the breathless, hysterical news broke that James Comey had a memo.

A memo! You hear that?! A MEMO!!!

The first thing I thought was, ?I hope his wife never leaves him.?

There's an episode of ?Veronica Mars,? where one of Veronica's classmates decides to break up with her boyfriend now that he is graduating and leaving for the Naval Academy.

But when she tries to break it off, he shows her a cell phone video he shot of her ?pleasuring? a popsicle.

He tells her if she ever breaks up with him, he will send that video to everybody in the school.

Apparently, that guy grew up to be James Comey.

Tell me this conveniently leaked ?memo? doesn't sound like the political equivalent of Revenge Porn.

I remember when people lauded Mr. Comey's ?integrity? and ?honor.?

But I guess what passes for ?integrity and honor? in Washington DC is what we on Planet Earth call ?pettiness? and ?spite.?

And because I'm not a Leftist, my initial reaction is one of serious doubt.

This memo doesn't make Trump look bad.

Instead, it make Comey look like a prick.

So, if I understand this correctly, Comey was so super-duper concerned that President Trump was trying to interfere with the FBI's investigation into Mike Flynn that he wrote it out in a memo and then did nothing with it.

Nothing, that is, until he got fired.

Right.

You would have to be really stupid to buy this story.

And, as [Fire Andrea Mitchell](#) pointed out yesterday, the FBI cleared Mike Flynn of any criminal wrongdoing on January 24, 2016.

This memo?

A MEMO!!!! Sweet merciful Zeus!! A MEMO!!!

?was written after a February meeting between President Trump and James Comey.

Oh, and as an aside, it was the [Washington Post](#) that reported that Flynn was cleared in January.

So why in Lucifer's reach would President Trump ask James Comey to stop investigating Mike Flynn if Mike Flynn was cleared by the FBI the month before?

The only thing I can conclude is that James Comey is a spiteful shrew and this memo ? if it exists at all ? is utter nonsense.

To believe any of these smear campaigns being launched by the Anti-Trump leakers and the Enslaved Press, you have to possess a willing suspension of disbelief.

These people aren't looking out for the best interests of the country.

The irony is, they accuse Donald Trump of effectively attempting a ?coup.?

But isn't that exactly what they're doing?

They're trying to overthrow the democratically elected President of the United States. And they're doing it through ?anonymous sources? and unseen Revenge Porn ?memos.?

The Enslaved Press and these ?anonymous leakers? are the ones who are a threat to this nation and our national security.

And the fact that James Comey would jump onto the pig-pile only proves that Donald Trump made the right decision by firing his pathetic ass.

Last night Tucker Carlson had a couple of excellent segments on this very thing.

And both are definitely worth watching:
