

And the Smirking Class gasps in horror

The other day, Sarah Palin, Ted Nugent and Kid Rock paid a visit to President Donald Trump at the White House.

And naturally, the Smirking Class is harrumphing and tut-tutting up a storm.

?How low class!?

?Oh, how embarrassing to have such low-rent white trash in the White House!?

The thing the Left hates about Donald Trump is that he isn't one of them. What's more, he is supported and loved by people who are unworthy. You know, we hoi polloi whose Walmart shoes or (God forbid) cowboy boots, should never dirty up the floor of the People's House.

For Liberals, elected office should only go to those who are as entitled and snobbish as they.

They look down on Americans.

They always have.

Hillary Clinton lost the election ? in their minds ? because we Americans are too stupid to know that we must be governed by our betters.

Potty-mouthed Jay-Z and his trampy wife Beyonce spend an evening at the White House, and these same people are so delighted, they're quivering like a spastic colon.

Because at least potty-mouth Jay-Z and his trampy wife had the good taste to visit when a fellow elitist and social better was the President.

Liberals really think that ?of, by and for the people? is a backward concept.

They're like the Loyalists during the American Revolution. Heaven forbid the people govern themselves. Better we stay under the thumb of a monarchy. Because at least then we will be governed by our social betters.

Their hatred for Donald Trump has very little to do with Donald Trump himself.

They hate him because people like you and I love him.

And we're just too stupid and trashy to know what's best for us.

So they look down their noses and roll their eyes because Sarah Palin, Ted Nugent and Kid Rock visited the White House.

?All that's missing is Mama June!?

Of course, this is what really has their high-class knickers in a twist:

?Oh, those low-class people have some nerve mocking the woman who truly deserves to be President!!!?

But I'm sure those same elitist prigs thought this was perfectly wonderful:

Obama's WH guests stand in front of Reagan portrait flipping him the bird but Libs are in a frenzy over Sarah Palin posing in front of HC

Because, you know, it's always okay to mock those socially inferior.

This is a divided country to be sure. But the division isn't about race.

Not at all.

The division in this country is exactly what [Angelo Codevilla](#) referred to as the Ruling Class versus the Country Class.

Or, as Ann Coulter put it in her book [In Trump We Trust: E Pluribus Awesome!](#): the Smirking Class versus the Working Class.

Donald Trump may be a billionaire. But he was the voice of the Working Class ? we lowly, unworthy folk with our BJs memberships, American flags, cowboy boots, blue jeans and NASCAR posters.

And the Smirking Class are apoplectic. We have some nerve thinking we should have a voice in government.

They look down their noses at those of us who enjoy a cold beer on a warm evening while hanging out with friends on the back deck.

Oh, the horror that some of us look forward to hunting season when we can wear our camouflage gear and sit for hours in a deer blind.

They scoff and rolls their eyes at the dirt under our fingernails, the callouses on our hands, and our oh-so unseemly patriotism.

And our guns!! *Oh, the humanity!!* We have the temerity to like guns!!!!

They really do believe they are better than we are.

It's why there is a full-court press to push on us Chelsea Clinton ? that talentless nobody who has spent her adult life riding on the coattails of her parents.

The Left believes that in this country there is an entitled aristocracy deserving of public office and undying respect. And Chelsea ? dimwitted fool though she may be ? is a part of that aristocracy.

Therefore, she deserves our admiration and slobbering awe.

While the elegant, successful and smart Ivanka Trump deserves nothing but contempt. Ivanka, you see, is nothing but trash ? low-class trash admired and respected by low-class trash like you and I.

The Smirking Class despises the uniquely American trait of ?rugged individualism.? It's just so *plebeian*.

Self-government is repugnant to these people.

And we riffraff have no business aiming above our station.

In a word, they're snobs.

Condescending, insufferable, intolerant snobs.
