

Sorry Fake News Bubble: We Americans support our President

While the frauds in the Fake News Bubble prattle on endlessly about impeachment and Watergate and the Comey Memo and Russia, real Americans continue to support our President.

Sorry to burst your bubble, Fake News.

I just finished watching President Trump's commencement address at the Coast Guard Academy.

And the crowd went wild!

No, they weren't screaming ?Burn the witch? or ?Impeach Trump.?

Sorry, Fake News. I'm sure that's a blow to your narrative.

The crowd went wild because Americans support their President.

And, might I add. We don't believe the Fake News.

When you step outside the Fake News Bubble, it's hard to miss the love and support President Trump enjoys from the people.

Mr. Trump delivered three speeches over the last few days ? the commencement address at Liberty University, an address at the Peace Officers Memorial Service and this address before the Coast Guard Academy.

And it was impossible not to hear the enthusiasm and support for our President.

While perpetually angry, butt-hurt Leftists bitch about Trump mentioning the attacks on him in today's commencement address, the reaction from the people in the audience cannot be understated.

They roared with approval.

Yeah.

They are cheering.

And why are they cheering?

Because outside of the Fake News Bubble, Americans support their President and despise the Enslaved Press.

Outside of the Fake News Bubble, we know that these relentless and spiteful attacks on Donald Trump are nothing more than petty, hateful, vindictive sour grapes.

President Trump exposed you for the liars that you are.

And on a daily basis, he goes around you and takes his case to the American people.

We know that he cares more about this country than you do.

I love that Trump is handing out the Coast Guard Academy certificates at graduation. That's our President!

The fact the media is screaming impeachment after 100 days of Trump yet covered up every Obama scandal for 8 years speaks volumes. — Jack Posobiec ?? (@JackPosobiec) [May 17, 2017](#)

This mindless circle-jerk of butt-hurt Democrat operatives posing as "journalists" isn't fooling anyone.

Sorry, Fake News Bubble.

For all your endless shrieking and self-righteous sanctimony, you have no power over public opinion.

Let me put it plainly. You. Don't. Matter.

And if you guys really gave a crap about this country, you would step outside of your Fake News Bubble every once in a while to find out what We the People really think.

But you don't care what we think, do you?

Well, I hate to break it to you. But the feeling is mutual.

So go ahead. Stay in your Fake News Bubble -- breathing your stale air filled with the stench of bile and dyspeptic farts.

You matter to us about as much as air in a jug.
